

## **EXPRESSION OF INTEREST**

**Att: Project Manager**

**Ref: LANDSCAPE PROFESSIONAL AND ENVIRONMENTAL SERVICES**

Dear Project Manager,

We can provide you with a unique, cost effective package. Our integrated practice consists of computer literate professionals in the fields of Botany / Environmental Science / Landscape Architecture.

All are experienced C.A.D. operators ready to service and consult with you for quality end products. As your office support system we are well equipped to cater for your drafting, design, and estimating needs.

We can also provide 3d modeling, technical animation, growth simulation and also assist with the production of multi-media presentation as necessary. We are positioned to consult and assist with all type of works from council approved plans to large environmental projects, construction supervision included.

Our expertise is diverse and includes:

- Consultancy - Documentation
- Design - Site Planning
- Project Management
- Maintenance Programs

We offer an on-line telephone support service for technical advice to existing clients free of charge. A brief will be provided to you as required.

Yes! We are up to date with the latest technology. Contact us on **0419 559 559**

Yours faithfully,  
TED KEEGAN cert Ag.Bot.Hort.Bot
